

Filippi

FILIPPI F11

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

4X/4- F11

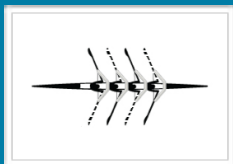

Its straight bottom line reduces vertical movements at the catch and finish of the stroke. Extraordinary stable in the water without sacrificing speed thanks to its U shape cross-section and tighter than F31. The crew will experience a great sense of stability and drag.

Versatile and suitable for any type of riggers the F11 was designed for men and thought to optimize athlete comfort and efficiency.

The shell is 11.78 m long. Optimal weight of the crew 55 - 75 kg.
