

# Filippi

# FILIPPI F14

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of **more than 55 different moulds**, almost every crew can find the boat that better fits their needs.

## 1X SINGLE SCULL F14

The F14 is one of most long lived hull of Filippi's top range. It shows a straight bottom line which prevents the boat from vertical movements at the catch and finish, during the rowing stroke. Mould design is optimized for higher weights. This product features a U cross-section and a stable floating attitude in the water.

The shell is 8.33 m long and well fits athletes into the range of 85 - 100 kg.
