

Filippi

FILIPPI F36

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

2x/2-

F36 (50-65 Kg; 9,00 m long)

Designed for light weight women, the F36 is the optimal choice for a crew between 50-65 Kg.

The first shell designed by Filippi for women, is characterized by a straight bottom line which prevents the boat from vertical movements at the catch and the finish of the stroke. F36 features a U shape cross-section and thanks to its special ergonomics studies is perfectly optimized for women. Fast from the first setting, power is essential to take advantage of this high potential racing shell.

boat class
