FILIPPI F40

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

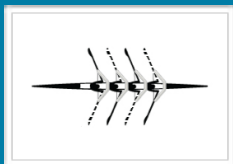

4X/4- F40

Thanks to its more squared bow's design, F40 is able to penetrate better the wave and maintain the maximum speed reached, assuring the best support to athletes at the catch and finish. Designed for men, the F40 was thought to optimize athlete comfort and efficiency. Mould design is optimized for higher weights.

The shell is 12.72 m long. Optimal weight of the crew 85 - 100 kg.

boat class
