

# Filippi

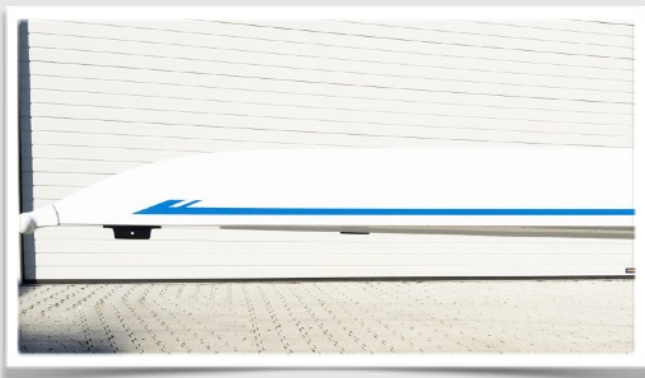

# FILIPPI F43

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

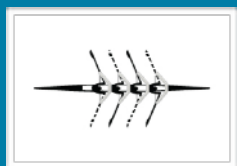

## 4X/4- F43

F43's main features: U shape cross section, stable in the water without sacrificing speed, its straight bottom line helps to reduce vertical movements at the catch and at the final. Its bow design is more squared to assure more speed than a boat of the same length. Ideal of any kind of rigger, F43 was designed for men and thought to optimize athlete comfort and efficiency.

The shell is 11.78m long and well fits athletes into the range of 60-75 kg.

boat class
