FILIPPI F46

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

2x/2- F46

F46 is one of the newest moulds thought and created for women rowers, but currently used by men as well. Created to work better with the best innovations, riggers and Aliante wings this boat is a perfect choice for female athletes up to 85 Kg that are looking for a **fast and performative** boat. The F46 is stable enough, able to gain more speed thanks to its banana shaped keel, it shows a **straight** water line and **reduced vertical movements**. **Rounded cross section** and a medium level sideways stability make this boat a reliable product. Perfect for female rowers, it can also be used by men.
