

# Filippi

# FILIPPI F53

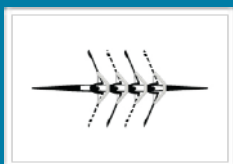

To optimize your crew's speed it is essential that they row in a boat that is designed for their weight. With a range of more than 55 different moulds, almost every crew can find the boat that better fits their needs.

## 4X/4- F53

The F53 is one of the most recent racing boat dedicated to women. The line has been newly designed for female lightweights. U-shape cross-section and a slight banana shaped keel are some of the main features. With the F53 we've crafted a speedy and steady shape for LW4x (Lightweight Women's Quadruple Sculls) but it can also be used by W4- (Women's Four) and LM4- (Lightweight Men's Four) of max 70 kg.

boat class
