COASTAL ROWING

FILIPPI F82

Coastal Rowing 4x F82

F82 "Piercing bow" to fight the waves and ensure:

- Max reduction in pitch and lower lost of speed;
- Great ability in keeping direction;
- A Keen line studied to reach quickly max speed and reduce rolling
- Carbon fibre seat with adjustable height (optional)
- Stretcher with height, position and angle adjustable
- Rowing shoes "elite", size adjustable or clogs.

F82 is great to maintain a good stability at roll because of its large hull. This boat represents a good choice for athlete in the range between 60 and 100 kg.
